

1968 LAHIAN

The
dimensions
of the
past

When
time
was

You were too

A theme: life will not be one long victory yell. Lakewood knows and tells you so. Its bells ring out an awareness of you in time. Time has been and always will be. But you and your times are unique and impermanent. Unless memory is granite.

Conforming
to life's
demarcations

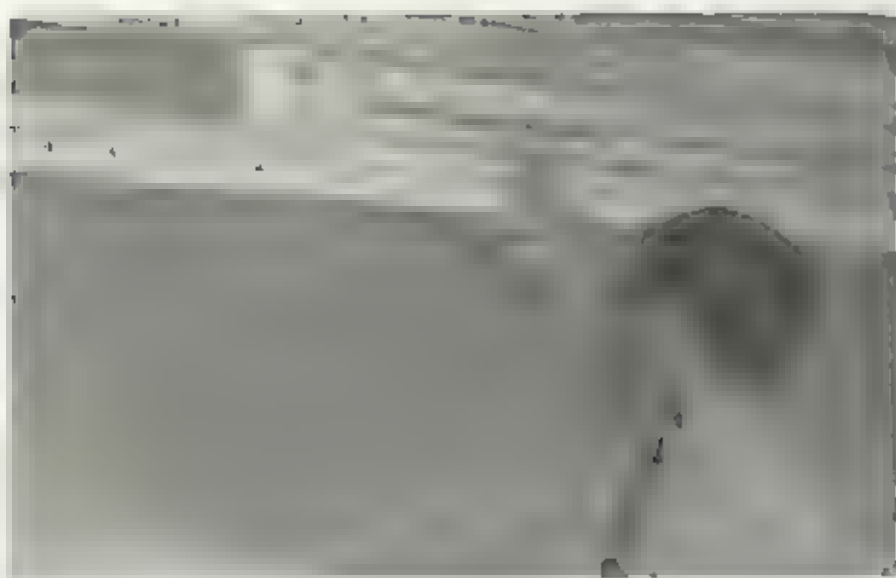

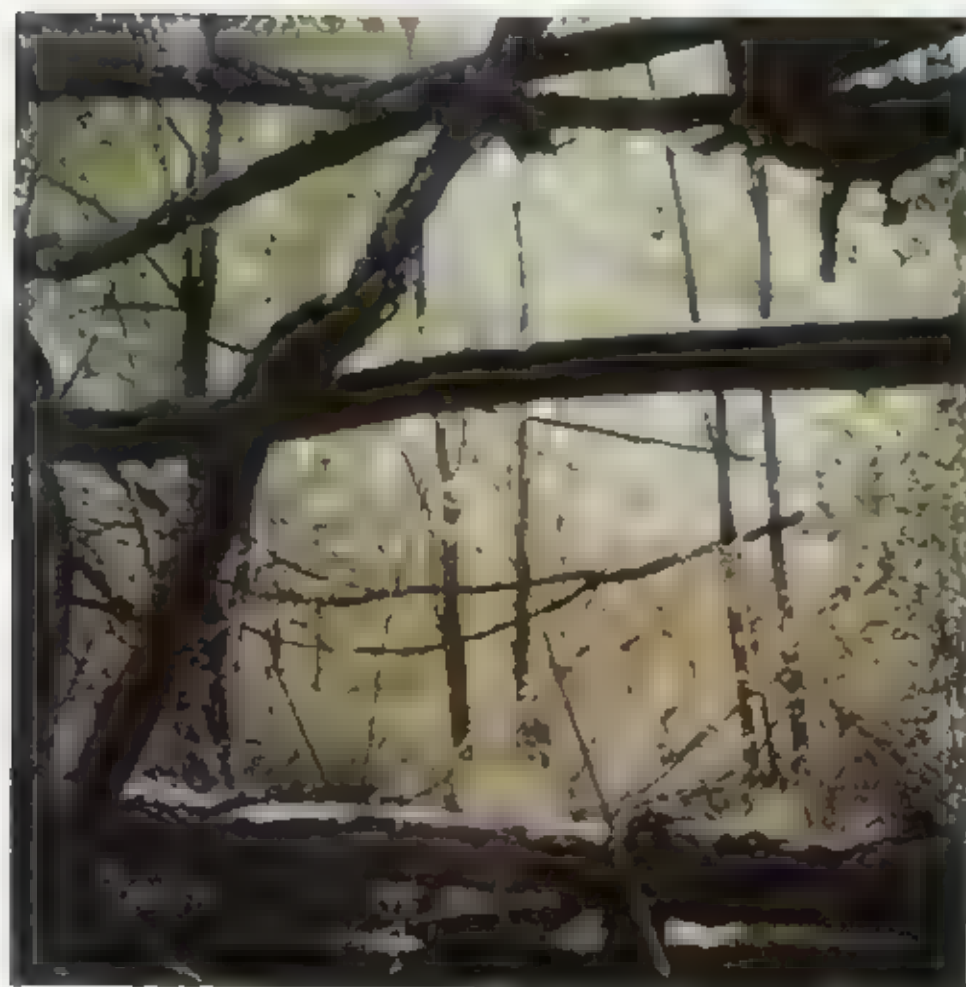

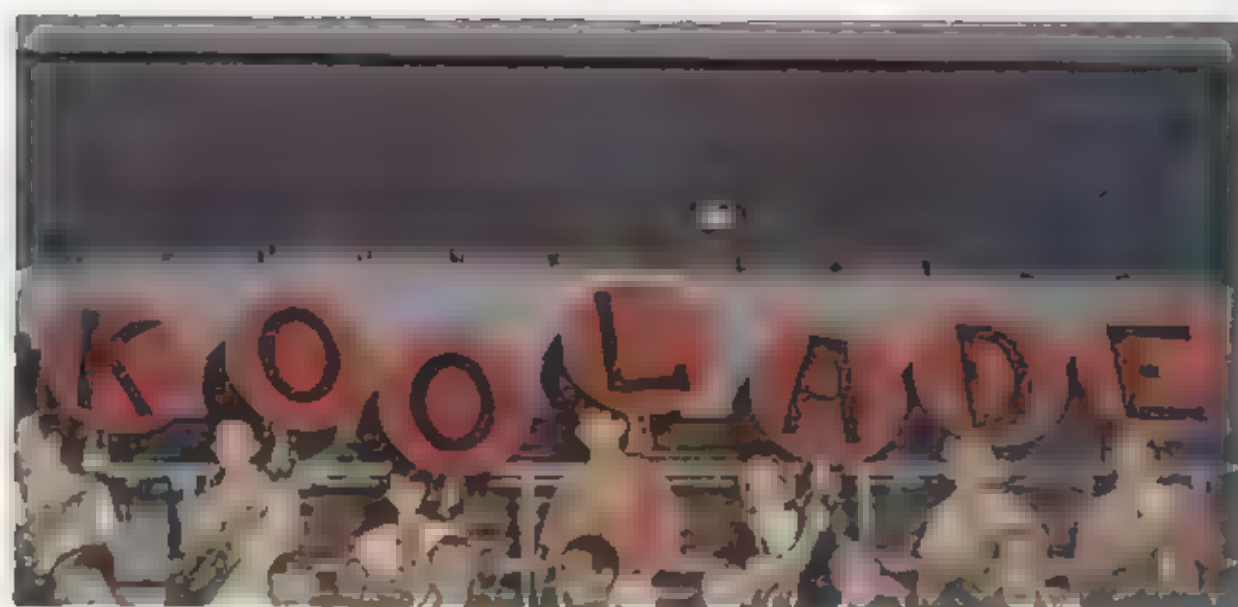

Find a line and stand in it...if you can't find the right one, stand alone long enough and a line will form around you. The line has a name; call it conformity, see it--separation. Separation is a self-imposed boundary--a limit on infinite you. Your boundaries control and confine until you dare to step over them.

Abandoning
the
surface
approach

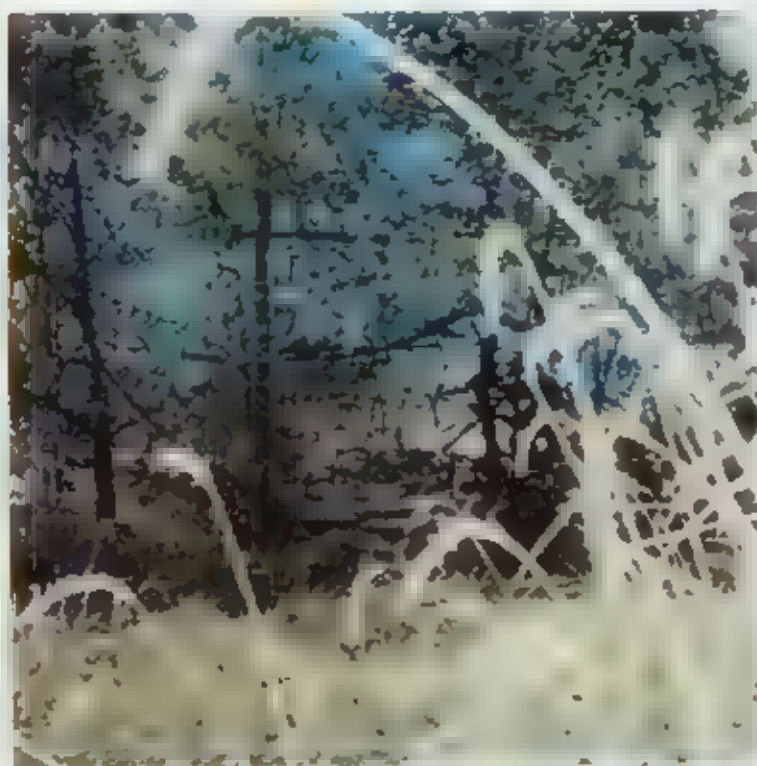

Water stretches, un-
ending glass. At the sur-
face it can only reflect.
Below lies a deeper image.
To touch the image you must
break the surface. To
grasp the image you must
submerge.

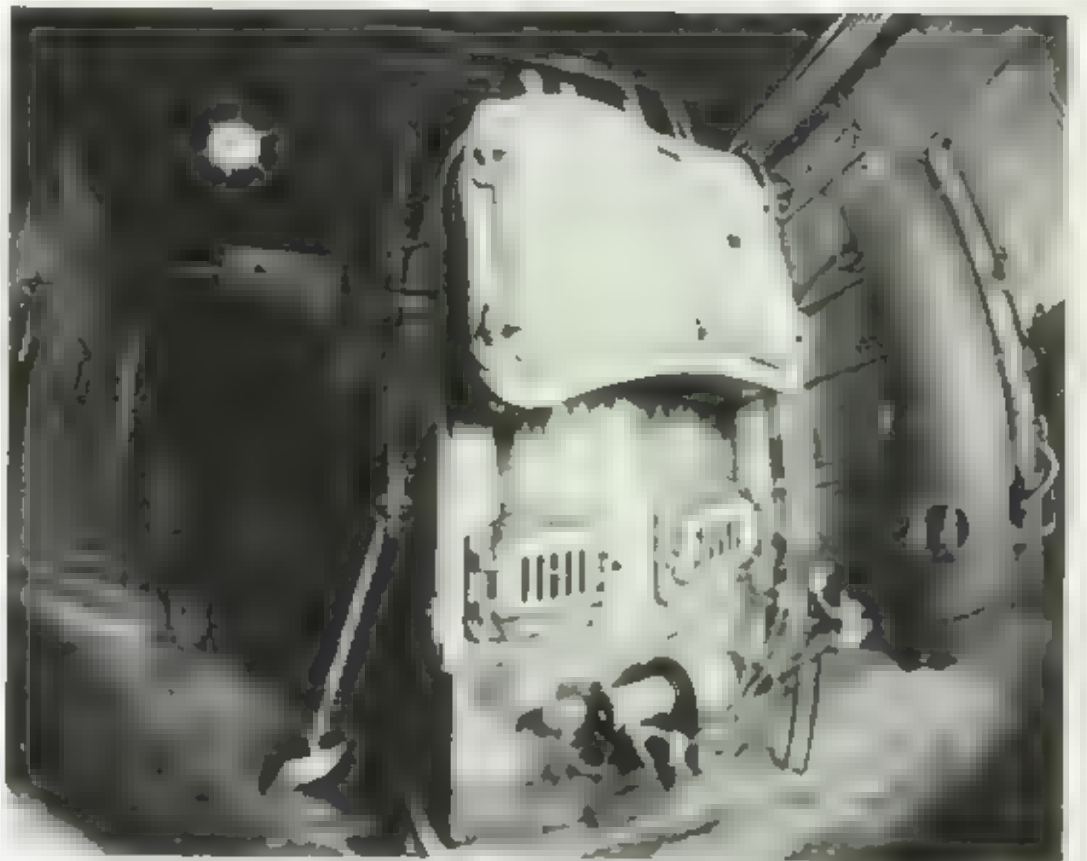

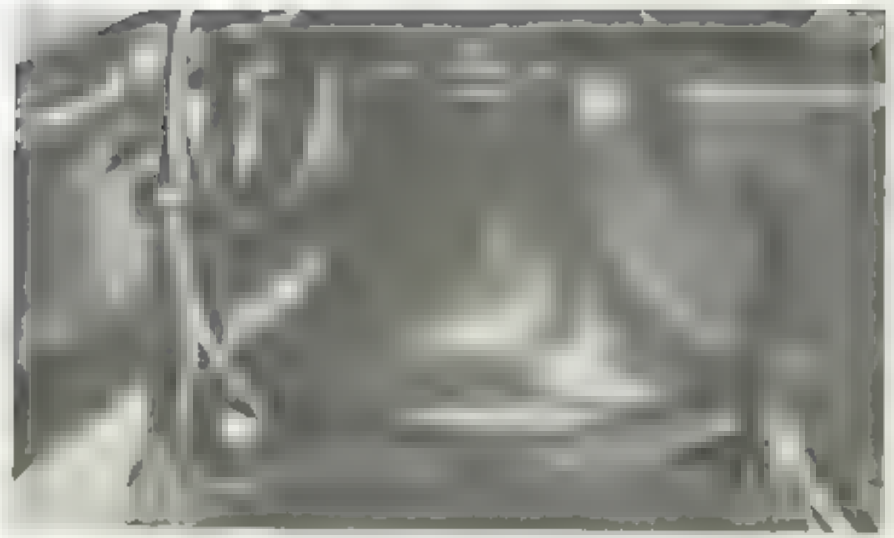

Discovering the 3-d world

At times Lakewood seems a hospital of the mind whose pink and green halls are calculated to soothe. But that is the antiseptic approach.

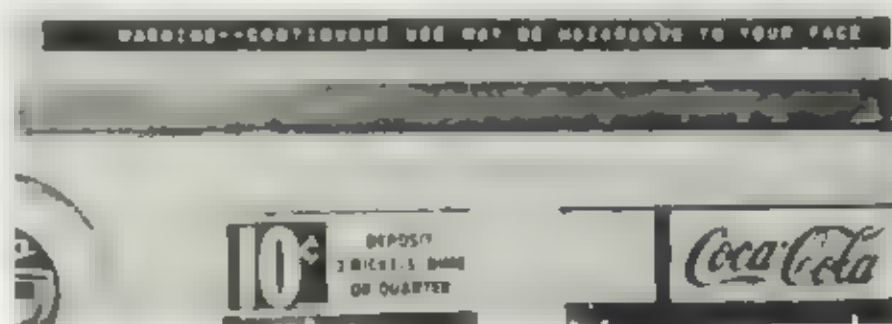

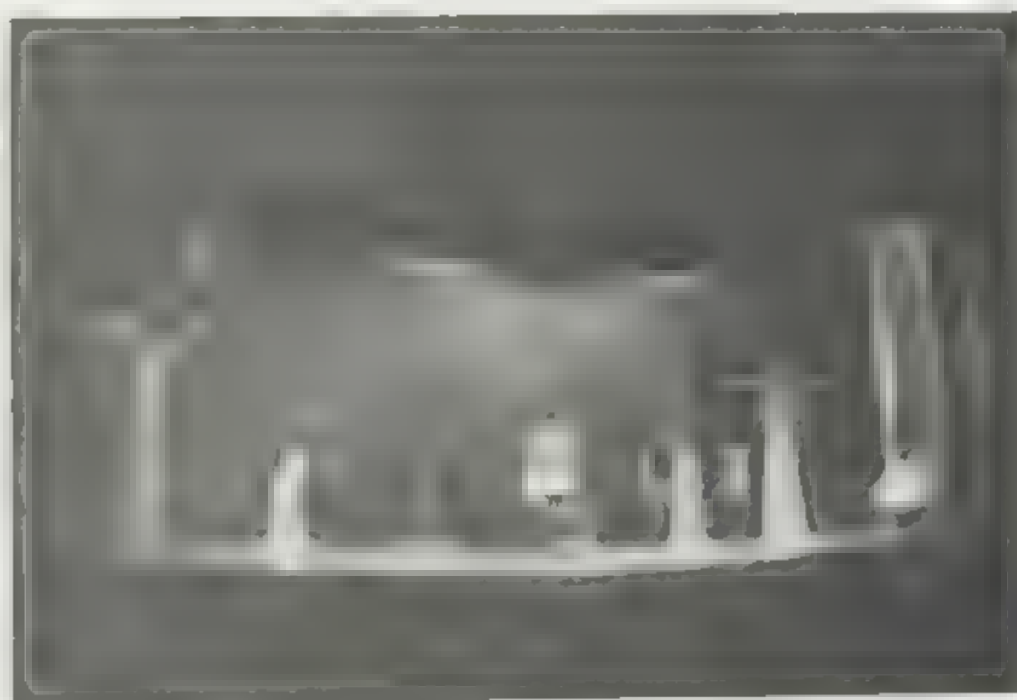

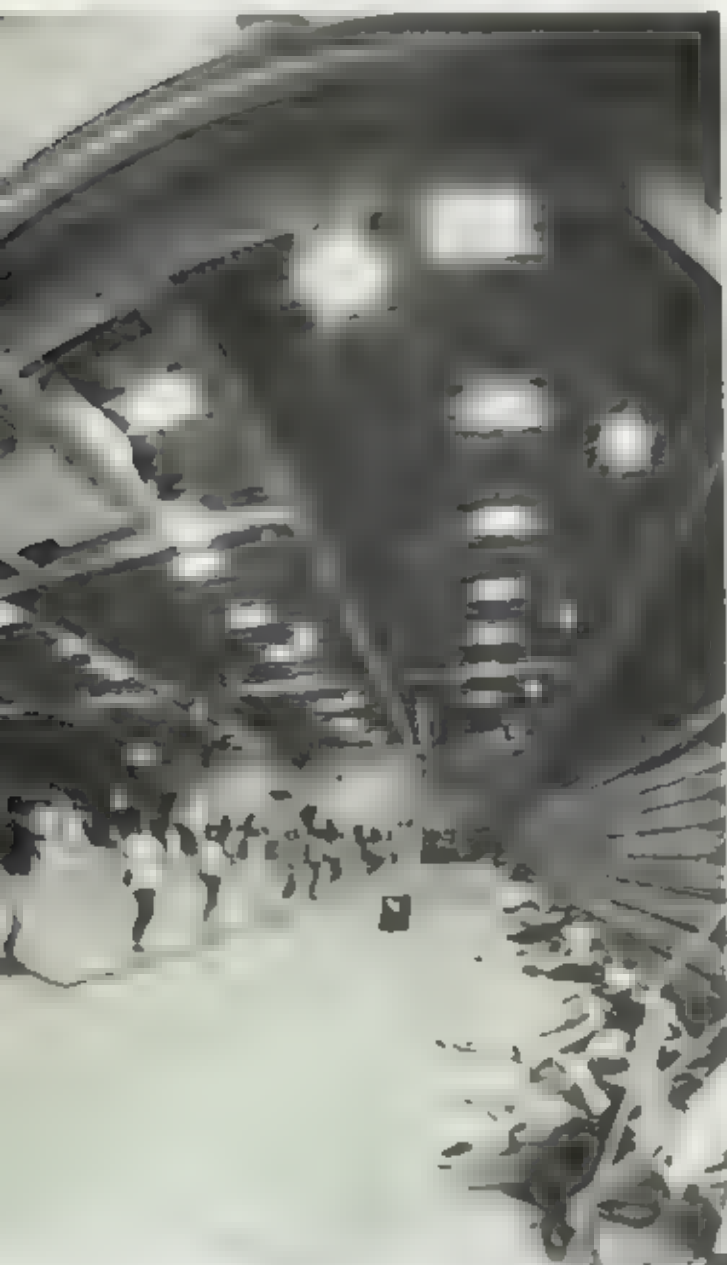

Where
nothingness

is somethingful

The third power

To motivate an individual, to give him oral, written, and mental powers, to raise him to the third degree--is to give him academics.

MR. DALE MOORE
Assistant Principal

The administration, like the core of a mountain, supports the entire structure of Lakewood High School. Because of this responsibility, it must remain oblivious to the batterings of outside forces and stand firm during minor tremors. Stability is the key word of the administration, stability to make Lakewood a strong, reciprocal organization, and to keep it the highest peak in a range of schools.

These are counselors are professional craftsmen. They work each day molding, fitting, perfecting, and polishing the futures of students at Lakewood High School. Working with the materials at hand, they attempt to bring out natural talents and interests. Together, the counselors hope to help the student know himself and graduate from this school headed toward a definite goal.

To enable a student to realize his individual interests, the Careers Center offers many sources through which he may discover himself and his potential. Available at the Center are informative films and tapes, plus many shelves of literature explaining occupational opportunities. The first in the county, the Careers Center serves to expand the guidance facilities at Lakewood High School.

The unity of language

Foreign languages are more than English in disguise, for they separate peoples and their cultures. Countries are stitched together only as pieces in a patchwork quilt, their citizens pinned inside. The study of languages can, however, release these bonds and begin to unite the earth into a single world.

AFS OFFICERS: Marcia Warner, Jane Lyons, Nancy Stead, Wolfgang Schuhmacher.

"And then I said ..."

America offers many new experiences for Wolf. Wolf takes an active interest in school activities and is an officer in A. F. S. He also enjoys such extracurricular activities as Tigers' Dens and skiing. These new experiences are often as confusing to Wolf as e. e. cummings' poetry; yet, they provide clear memories to return with to Austria.

Wolfgang Schuhmacher, AFS exchange student, tries to decipher e. e. cummings.

Practice in specific vocations provides the purpose for these clubs. Business Club members work at clerical vocations in many local businesses. Sketching and drawing are some of the many ways Future Artists members prepare for the future. Future Homemaker members prepare recipes and sew as a means of practicing to be homemakers.

Many are wearing light-colored, possibly white, outfits. The background shows a building with windows and a dark sky.

These three clubs stress contact with a specific facet of man. F.T.A. members study man in primary and secondary schools. Individual research in Biological Science Club involves man and his environment. Through field trips, Medical Careers Club encounters man through the aspects of medicine.

Despite contrary reports from English teachers, Lakewood students can speak the King's English. The music department proved the point with its spring musical, "My Fair Lady." The play chronicles the rise of a Cockney flower-girl from guttersnipe to fair lady.

The Student Council and the Music Department combined to provide acts ranging from folk singing to classical piano for the talent show, "Encore '68." The presentation of the awards climaxed the evening's competition. Emily and Flora Lu took first place honors, second place went to Fred Cawley and "The Sing Sing Sing" took third.

Fall freeze-out

A hard pull for victory

Fall beckoned Lakewood High to participate in the annual Homecoming activities. In keeping with the theme, phrases such as Happiness is going to Lakewood, building a Tiger, making a poster, dancing all night, and knowing we're going to win tonight, set the tempo. Even the weekend's sub-freezing temperatures failed to chill the Tigers' spirits and the Tigers scored a 35-0 Homecoming victory over Arvada West.

The tournament opener

Spirited competition launched the L.H.S. basketball team into the Jefferson County Basketball Tournament as Lakewood students participated in Beat Week. Activities of the week included class pinatas and skits, the Powderpuff Basketball game, victory contests, and a faculty picket march. Stressing the concept of unity for victory, the judges declared no winner.

Powder-ruffians

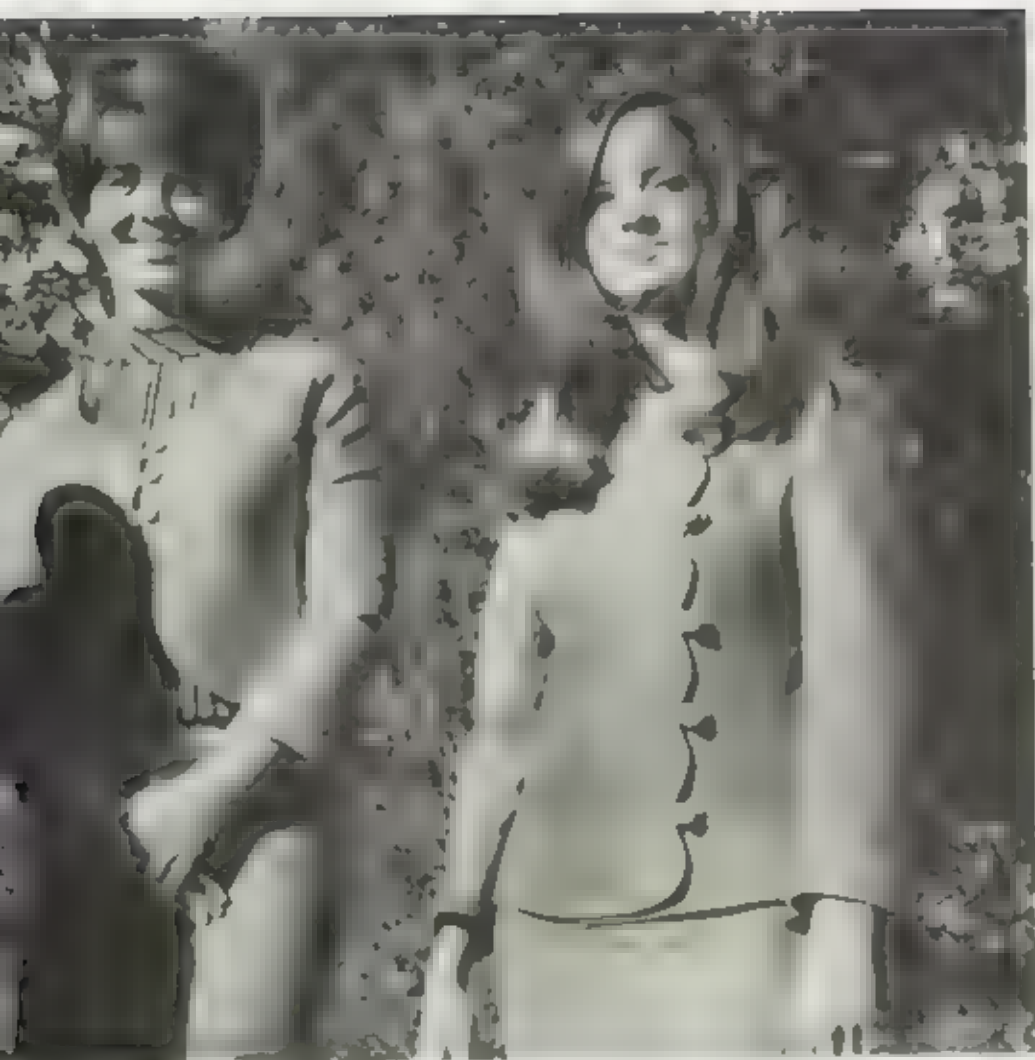

The early season was continued to endearing from the school as finally at the home of the play in Lake Road's gymnasium. Basketball came the first contest of the evening. After the season of the season, the seniors won the seniors emerging victors 23-6. Undoubtedly the seniors won the seniors 23-6. The seniors won the seniors 23-6. The seniors won the seniors 23-6. The seniors won the seniors 23-6.

Memories are made of this

A highlight of the activities of the Spring semester is the annual Junior Senior Prom. Set to the background of romantic music and the rustle of the dress against formal attire, it represents the end of another school year while it starts both future anticipation and past memories.

Students in the upper 5 per cent of their class receive the Academic Achievement Award. Grades in academic courses determine these honor students. During a special assembly the students receive pins as tokens of acknowledgement. The ceremonial pomp and circumstance includes bronze pins for first year recipients, silver for second year, and gold pins for third year.

Excelled
ability

Those junior students in the upper 10 per cent of their class and those senior students in the upper 15 per cent of their class are eligible for membership in the National Honor Society. However, service to L. H. S. actually determines those who are elected. This year Honor Society initiated the tutoring program and sponsored the Book Fair, as well as managed the Honor Society Book Store.

Name it--football, baseball, or gymnastics--a line of players first drives to compete, and to win. Competition is a team sport, played not for the individual, but by the individual for the team... the line drive--for a team, for a school--Lakewood High.

Lakewood's only two league losses were to Wheatridge 19-14 and the Redskins 38-6.

At the beginning of the season Lakewood was ranked 3rd in state behind Thomas Jefferson and Wheatridge but after their last game they had dropped to 9th according to the Denver Post's poll.

The basketball team, coming out of the season with a 7-8 record, saw a difficult season with tough competition from all other Jeffco squads.

This year, the playing format was changed with the Tigers playing each of the other league teams only once and culminating the season with the league tournament. With this new system, the team also had frequent non-league games with Denver and other suburban league squads.

The year's wind-up

Long hours of practice on the diamond for Lakewood's baseball enthusiasts, involving endless conditioning and development of playing skills, culminate in a well-developed team. Pacesetters

As the wrestling and basketball season draws to a close, the season for those who enjoy the sport of endurance track, makes itself known to LHS'ers. Finishing second in the League relays and fourth in the Triple A Track Meet last year, the team this year has many returning lettermen. With the watchful eye of Coach Musselman combined with strength in both track and field events the team expects to deal strong opposition to its opponents. Team members despite the lingering cold and snow of winter, work diligently in preparation for spring competition.

One for all, all for one,
We're the best class
yet to come,
To victory we dedicate
The mighty class of '68

~~~~~

As graduation nears, the senior class of 1968 can cherish many experiences. Academically, with the excellent preparation each of us has received at Lakewood High, we can look forward earnestly to the future. Socially, the numerous activities--games, dances, plays, shows--all will contribute to memories of good times and wonderful friends. However, in a large sense, each of us has started to mature.

Glimpsing  
the  
future

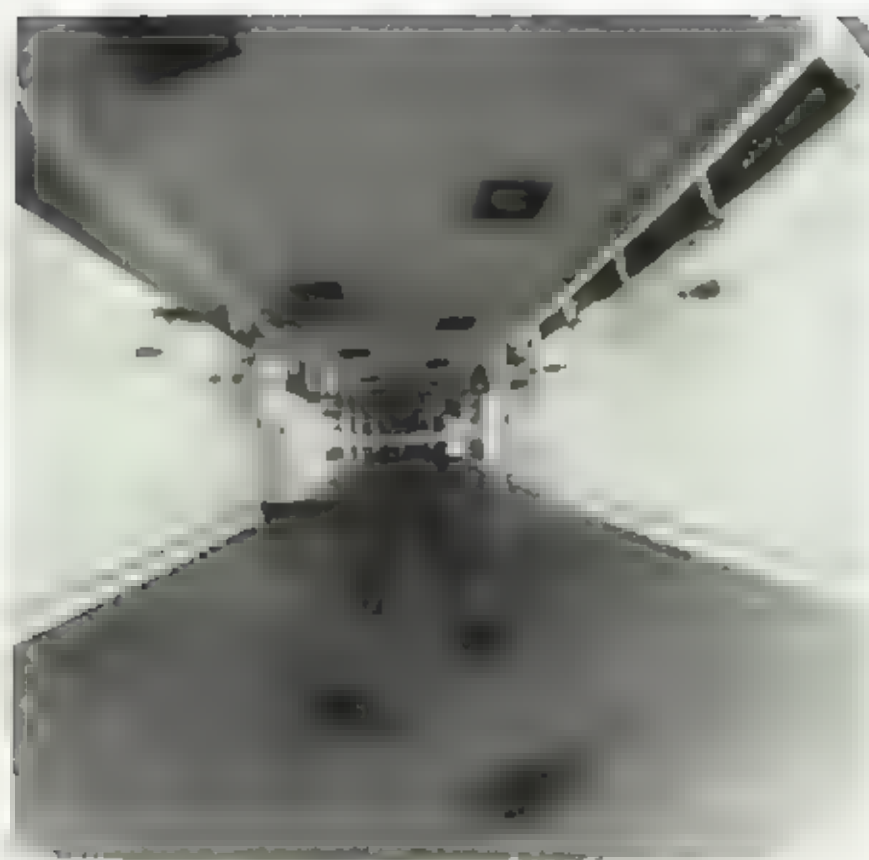

Through  
past  
tense

Your memories, of subjects,  
verbs, and objects, make the  
vocabulary of the future. Thus  
the future becomes not a repetition  
of the past, but a sentence  
structured in the past.

The  
perspective  
of the  
future

Jue,

It's terribly hard to  
do something nice to someone  
as sweet as you - (A lot to  
to figure that one out) - especially  
since I hardly am ever around  
you. But I know you're the kind  
that will really be something -  
(even if it is just a plain  
old housewife!) I wish  
you all the luck there  
can be for

Good luck This Carter
